

When you call your insurance company, please ask the following questions to better understand your benefits and coverage:

- Has my deductible been met?
- How many acupuncture treatments are allowed on this plan?
- Who may perform these treatments?
- May a licensed acupuncture physician perform these treatments?
- What kinds of disorders may be treated with acupuncture under the plan of coverage?
- Will you cover acupuncture treatments performed by a physician out of network?
- What percentage of the acupuncture treatment will you cover?
